

## Microfile H square recessed

code MFH323.840/01

### PRODUCT DESCRIPTION

Lighting body composed of extruded aluminium profile section 20x34,5mm rectangular shape 1200x650mm, ceiling installation for direct diffuse lighting, complete with silicone screen, epoxy powder coated version white. Sorgente lineare LED 78 WW to be completed with 24Vdc remote power supply. Degree of protection IP44.

### PRODUCT SPECS

|                              |                   |
|------------------------------|-------------------|
| Installation method          | Trimless recessed |
| Light source                 | Led               |
| Absorbed power               | 78 W              |
| Color temperature            | 4000K             |
| Color rendering index CRI    | 80                |
| Finishing                    | White             |
| Luminous flux of the product | 3476 lm           |
| Luminous efficiency          | 45 lm/W           |
| Energy efficiency class      | D                 |
| Weight                       | 3 Kg              |
| Dimension                    | L650xW1200 mm     |

## OPTIONAL ACCESSORIES

### **Lbs System Canopy for housing driver**

code LB421/01

REGISTERED DESIGN - File Flex is a versatile extruded aluminium profile, which can design infinite shapes. Its asymmetrical section is designed to realize unique lighting effects meanwhile ensuring optimal illumination levels. The linear LED source screened by a flexible opal extruded silicone diffuser creates seamless lighting effects. The system allows the use of blind modules, multi-optic from Leva series or adjustable spot from Spot Focus series Ø26 and Ø36. It has to be completed by stabilized drivers 24V or 48V.
