

## Pro Edge system - spot Focus 55

code PE202/01

### PRODUCT DESCRIPTION

Cylindrical projector in extruded aluminium, adjustable on the vertical axis of 355, and on the horizontal axis of +/- 90, equipped with hook for installation on the profile; powder coating; with COB technology (Chip on Board) for maximum efficiency; absence of multiple shadows; Energy efficient LEDs with high color rendering; secondary lens in high transparency pmma; precise photometric curve with different emission angles; optical units available as accessories with replacement without tools; hot plug protection; available accessories such as honey comb, ellipsoid lens, asymmetric lens, satined lens. Color finish white.

### PRODUCT SPECS

|                              |                                      |
|------------------------------|--------------------------------------|
| Installation method          | system                               |
| Light source                 | GU10                                 |
| Absorbed power               | 50 W                                 |
| Color temperature            | Depending on the bulb (not included) |
| Color rendering index CRI    | Depending on the bulb (not included) |
| Optic                        | Depending on the bulb (not included) |
| Finishing                    | White                                |
| Luminous flux of the product | Depending on the bulb (not included) |
| Luminous efficiency          | Depending on the bulb (not included) |
| Energy efficiency class      | E                                    |
| Dimension                    | H125 Ø55 mm                          |
| IP Grade                     | IP20                                 |
| Protection Class             | Class III appliance                  |
