

## FLOK WALL/CEILING

code FF24.830/01

### FLOK LED

### PRODUCT DESCRIPTION

Series of wall-mounted fixtures for direct or indirect lighting, complete with integrated linear LED sources. To be completed with driver, to be installed remote. Body in extruded aluminium, painted finish. Double installation possibility: if fixed by the narrow side, the lighting effect is diffused, if fixed instead by the wide side, the lighting is grazing. Complete with Light Proof system side-end caps, opal white polycarbonate diffuser and mounting brackets. IP65 Degree of protection.

### PRODUCT SPECS

|                              |                                                  |
|------------------------------|--------------------------------------------------|
| Installation method          | Wall surface mounted,<br>Ceiling surface mounted |
| Light source                 | Linea Led                                        |
| Absorbed power               | 19,2 W                                           |
| Color temperature            | 3000K                                            |
| Color rendering index CRI    | >90                                              |
| Finishing                    | White                                            |
